RapidTee Golf Named Official Tee Time Platform of the Georgia State Golf Association

ATLANTA, GA, UNITED STATES, September 29, 2026 / EINPresswire.com/ -- RapidTee Golf, a tee time discovery and notification platform built for avid golfers and golf course operators, today announced it is the official tee time platform of the Georgia State Golf Association (GSGA). The partnership gives GSGA members a faster, smarter way to find and book tee times at courses across their region, while also helping course operators attract new golfers and fill their tee sheets.

GSGA members can use RapidTee to browse tee times at GSGA member clubs and set preferences to receive instant alerts the moment a matching tee time becomes available, including last-minute cancellations at in-demand courses that are otherwise difficult to book.

"Georgia has one of the strongest golf communities in the country, and demand for prime tee times has never been higher, particularly across the Atlanta metro. We are thrilled to work with the Georgia State Golf Association to give its members an edge in finding and booking the rounds they want, and to help its member clubs put golfers in tee times that may otherwise go unplayed," says David Claroni, Cofounder and CEO, RapidTee. "We look forward to building on this relationship to drive more value to golfers and golf course operators throughout Georgia."

RapidTee and the GSGA aim to deliver significant value to Georgia courses as they maintain control of their tee sheet inventory and customer relationships. The RapidTee platform integrates seamlessly with most existing tee sheets, helping courses gain incremental traffic and new visitors without changing how they operate – at no cost to them. RapidTee also helps course operators fill last-minute cancellations that would otherwise go unsold, turning empty tee times

into played rounds, and provides operators with valuable data insights that help them drive operational efficiencies and capture incremental revenue.

"Serving Georgia golfers has been our mission since 1916, and access to the game is central to that," says Matt Vanderpool, CEO of the GSGA. "RapidTee makes it easier for our members to find and book the rounds they want, while also helping operators of our member clubs fill tee times that would otherwise go unused. This is a benefit that works for both sides of the game in Georgia."

RapidTee is available to Georgia State Golf Association members as a member benefit through the MyGSGA mobile app.

About RapidTee Golf
RapidTee Golf is a tee time discovery and notification platform built for avid golfers and course operators. Member golfers can browse tee times at thousands of courses nationwide and set preferences to be alerted the moment a matching tee time becomes available, including last-minute cancellations at sought-after courses that would otherwise be missed.
