NORTH MIAMI, FL, UNITED STATES, September 29, 2026 /EINPresswire.com/ -- Custom Wrap Design, a North Miami-based vehicle customization studio, is celebrating its 12th anniversary. Founded in 2014, the company has grown into a team of around 20 people serving private clients and businesses across South Florida.

The studio specializes in car wraps in Miami and across South Florida: color-change vinyl wraps, paint protection film (PPF), ceramic coatings, window tint, auto detailing and commercial vehicle wraps — serving daily drivers, exotic and luxury vehicles, and commercial fleets.

In recent years the studio has expanded its paint protection work, pairing paint protection film with ceramic coatings for drivers looking to preserve their vehicles in Florida's sun and coastal climate. Earlier in 2026, the studio was named a Top 3 award winner for car wraps in Miami by BusinessRate.

"The craft keeps evolving — the materials, the techniques, the level of finish clients expect today," said Vitali Markau, CEO of Custom Wrap Design. "What hasn't changed in twelve years is how we treat every car that comes through our doors."

Looking ahead, the studio plans to keep investing in paint protection, detailing and wrap craftsmanship while growing its commercial wrap program.
