/EINPresswire.com/ UK (Submitpressrelease123.com - press release) It may seem like we're never going to see the back of winter, but there's no need to panic because warmer weather is in store for us very soon, which makes it the ideal time to invest in a new spring wardrobe.

Online fashion retailer [Shelikes](#) is showcasing the spring/summer 2013 collection at the moment, and boy is it hot. From hotpants to playsuits, there's something to suit everyone's tastes. So if you want to be at the height of fashion this spring, make sure you show off your legs in a pair of this season's hotpants.

You'd be forgiven for assuming hotpants were just for lazy summer days at the beach. However, you may also be pleasantly surprised to hear that the hotpants look can be worn day or night, thanks to the great myriad of designs and prints to choose from at Shelikes.

So whether you're planning to unveil the latest Aztec trend in a pair of Aztec printed hotpants, or prefer to invest in a pair of sparkly disco hotpants for those wild nights out on the town, Shelikes has got your look covered.

Take your look from casual day to sultry night with a pair of shiny studded silver hotpants. Wear with hi-tops and an oversize Tee Shirt during the day and swap hi-tops for a pair of wedge heels for the evening. Add a sweep of mascara and there you have it; an evening worthy look in a matter of minutes.
