

# New Research: Shroud of Turin Dates to Jesus Era

/EINPresswire.com/ March 29, 2013 /EIN News/--The 'Shroud of Turin,' considered by many to be the garment worn by Jesus Christ at the time of his death, dates back to the first century, A.D., according to new research. The finding adds evidence that the shroud is not a medieval forgery, as some have claimed.

EIN News, a leading media monitoring company, provides in-depth news about more than 200,000 separate topics, and is the only Internet news service with a web site devoted exclusively to news of the Shroud of Turin. Access it here:
