The rankings are released each month in order to highlight the latest achievements and developments within the online marketing industry involving companies offering SEO services.

Each month a set of evaluation criteria are used to determine the top performing [professional SEO services](#) based on five areas of evaluation which are most commonly associated with successful SEO services. The five areas of evaluation used to compare SEO services include on page optimization, off page optimization, needs analysis, keyword analysis, and reporting methods. Additionally, client references are often contacted in order to obtain opinions directly from the companies and professionals which have used the SEO services included in the rankings.

ABOUT topseos.com

topseos.com is a well-known independent authority on Search vendors. Established in 2002, the goal of topseos.com is to recognize and rank those individuals or companies providing the best online marketing services all over the world. A specialized team of researchers examine thousands of applicants each month who are seeking to be ranked as a top internet marketing service provider by the independent authority.
