BRADENTON, FLORIDA — October 2026 — In recognition of Breast Cancer Awareness Month, Master Permanent Makeup Artist and CC STYLING STUDIO founder Christy Ray is opening her heart and her studio to cancer patients by offering FREE Permanent Makeup, 3-D Areola Reconstruction and Scalp Micropigmentation (SMP) throughout October.

For Christy, this is not simply a business promotion or an October campaign. It is personal.

Three years ago, Christy lost her beautiful mother to a rare form of cancer. The loss changed her life and made helping people affected by cancer a cause especially near and dear to her heart.

"My mom is a huge part of why I am doing this," said Ray. "I lost her three years ago to a rare form of cancer, and there isn't a day that goes by that I don't think about her. Making my mom proud every single day is what keeps me going in life. If I can use the gift and experience I have been given to help another person going through cancer feel beautiful, confident and whole again, I know she would be proud of me."

Christy's remarkable life story is also being featured on Inside Success / Women in Power, where she opens up about the experiences that shaped the woman, mother, grandmother, entrepreneur and artist she is today.

Her journey began with extraordinary adversity. Christy shares her story of childhood trauma, growing up surrounded by domestic violence in her home, surviving sexual assault at only seven years old, and then, at age ten, standing by as her family home burned completely to the ground.

Those experiences are part of her story—but they are not the end of it.

Christy went on to build a family, a career and a successful business while devoting herself to an industry that allows her to transform lives through artistry. Today, with 20 years of experience in the Permanent Cosmetics industry, she uses those skills not only to enhance beauty but also to help restore what illness, surgery, trauma and cancer treatments can take away.

Christy has been voted #1 Permanent Makeup Artist in Bradenton, Florida, while CC STYLING STUDIO has been recognized by the Quality Business Awards as the #1 Salon and #1 Permanent Makeup Clinic in Bradenton, Florida—recognition that reflects the studio's longstanding commitment to its clients and community.

Christy comes from five generations of the Guthrie family born and raised in the historic fishing village of Cortez, Florida. Those deep Manatee County roots have helped shape her commitment to serving the community she calls home.

CC STYLING STUDIO has served Bradenton since 2006 and is a local mother-and-daughter business operated by Christy and her daughter, Crystal McGee Rivers. The studio combines a full-service hair salon with a full-service Permanent Makeup and Scalp Micropigmentation clinic.

Christy specializes in Permanent Eyebrows, Permanent Eyeliner, Lip Blushing, Scalp Micropigmentation, Scar Camouflage, Stretch Mark Camouflage and realistic 3-D Areola Reconstruction.

During Breast Cancer Awareness Month, qualifying cancer patients and survivors may receive complimentary Permanent Makeup services for eyebrow or eyelash loss, Scalp Micropigmentation for treatment-related hair loss, and 3-D Areola Reconstruction following mastectomy and breast reconstruction.

For Christy, every person she helps through this program is another opportunity to honor her mother's memory.

"Everything I do, I want my mom to look down and be proud of me. This October, I want to take something that caused my family so much pain and turn it into something beautiful for someone else."

Cancer patients and survivors interested in the FREE October program are encouraged to contact CC STYLING STUDIO for eligibility information and consultation requirements.
