

# HARNN Home Spa Products Now Available on Amazon

[/EINPresswire.com/](https://www.einpresswire.com/) HARNN's all natural, Asian-inspired [home spa products](#) are now available at Amazon.com, offering customers additional shopping options for their favorite HARNN products.

HARNN USA is excited to announce the launch of HARNN Home Spa products on amazon.com this week. HARNN's collections of all natural, Asian-inspired products have gained popularity in the US since being introduced in 2009, offering customers an exotic spa experience in the comfort of their own home. With the launch of HARNN on Amazon, customers now have the luxury of shopping for their coveted hair, body and skincare products on the most popular online shopping site in the world.

HARNN creates and retails a wide variety of all natural products, ranging from hair and body care to skincare and [aromatherapy](#), utilizing Asian-inspired botanical extracts chosen for their healing properties. HARNN's philosophy embraces a holistic approach to restoring and maintaining the natural balance between mind, body and environment, while offering customers a unique, results-driven collection of products. The goal of HARNN is to give customers a pampering spa experience, no matter where they might be, with the healing benefits of professional-grade hair, body and skincare products.

The ingredients used in the HARNN collections are chosen based on ancient medicinal formulas from Thailand, Japan, China and India, and utilize natural botanical extracts, such as Pomegranate Seed Extract, Jasmine Pure Essential Oil and Water Lily Extract. Vitamin-E rich [Rice Bran Oil](#) is the main ingredient in nearly all of HARNN's collections, chosen for its moisturizing properties as well as its ability to protect hair and skin from free radicals. With four signature hair and body collections, two skincare collections, a line of home interior fragrance products and a line of Certified Organic teas, HARNN truly has something for everyone.

The Jasmine Collection features a unique blend of Siamese Jasmine Pure Essential Oil and other natural plant extracts that appeals to a wide variety of customers, making it a favorite of men

HARNN's Rice Bran Soap is different from conventional soaps with the use of all natural Rice Bran Oil as the main ingredient. Rice Bran Oil is naturally rich in antioxidants in the form of three Vitamin E's, Tocopherol, Tocotrienol and Oryzanol

and women alike. The Cymbopogon Collection features HARNN's signature blend of Lemongrass and Lavender Pure Essential Oils that refreshes and relaxes, often referred to as the "men's line" due to the zesty, citrusy scent of fresh Lemongrass.

Another customer favorite with a cult-like following is the Rice Bran Oil Soap Collection, a line of unique Rice Bran Soaps that utilizes natural botanical extracts and pure essential oils to soften, moisturize and protect skin. HARNN's number one selling item, Black Rice Soap, along with other popular varieties, such as Mangosteen and Bergamot and Cymbopogon Rice Soaps, fly off the shelves and should, with no doubt, be popular items on Amazon.

Whether one is looking for a new collection of hair care products, a new face wash or a great gift set for Mother's Day, HARNN has what shoppers are looking for online at [www.harnnusa.com](http://www.harnnusa.com), and now at amazon.com. By launching on Amazon, customers now have the ability to bundle their purchases, giving them the option to purchase their favorite HARNN products with other items on their shopping list.
