

TwinXL.com Offers New Line of Split King Bedding

/EINPresswire.com/ TwinXL.com has become known as a leading provider of extra-long twin sheets. The company has responded to that demand by adding a line of top-quality bedding especially designed for split king beds.

Since its founding, TwinXL.com has become known as a leading provider of extra-long twin sheets, bedding and accessories, offering the highest-quality, most beautifully designed bedding at the guaranteed lowest prices. Keeping its product line in pace with customer demand is one of the keys to TwinXL's success, and now the company has responded to that demand by adding a line of top-quality bedding especially designed for split king beds.

Split kings are among the most popular bed styles among today's couples. Composed of two separate units, the split king design eliminates the hassles associated with traditional single-piece kings that are difficult and heavy to move and may not even fit through standard doorways or up narrow stairways. Because they use two separate mattress units, split kings are featured in today's popular adjustable beds, allowing for varying firmness and elevation based on each person's individual preferences.

Despite the popularity of the beds, finding bedding for them can still be difficult. Split king bedding typically includes a single flat sheet and two separate twin fitted sheets. Until recently, owners of adjustable beds and split kings had to settle for buying three separate sets of sheets – two twins and one king – to have the best selection of highest quality bedding. Thankfully, TwinXL.com has put an end to all that.

After searching manufacturers from around the world, TwinXL.com is offering split king owners a wide selection of silky soft Egyptian cotton bedding featuring thread counts ranging from a comfy 300 to a luxurious 650 in both solids and stripes. The longer fibers of Egyptian cotton offer a smoother, softer, more comfortable sleeping experience than traditional cotton sheets, making them prized by luxury bedding manufacturers. Each split king sheet set offered by TwinXL.com features two fitted sheets that fit mattresses from 15" to 18' deep, one top sheet and two pillow cases for the ultimate in sleeping comfort. TwinXL.com also features mattress pads sized to fit the extra-long twin beds that make up the split king bed.

In addition to its new line of split king products, customers can still rely on TwinXL.com to provide top-quality bedding for every extra-long twin bed, including heard-to-fit dorm beds.

TwinXL offers a wide selection of colors, styles and patterns in sheets, duvets, comforters and other bedding accessories, including mattresses.

In addition to offering the widest selection of high-quality extra-long bedding available on the market, TwinXL.com also prides itself on its ongoing commitment to excellent customer service. Customer service representatives are on hand to answer customer questions and concerns, and every product offered by TwinXL.com is backed by a 30-day money-back guarantee.

Find the same item at a lower price at another authorized online retailer? TwinXL.com will match the competitor's price and offer you free shipping on your next order. TwinXL also offers volume discounts and free shipping on orders over \$79.

If you're looking for the best quality extra-long bedding for your twin, split king or dorm beds, TwinXL.com wants to help you find the best product at the best price. To learn more, visit the TwinXL website at www.TwinXL.com today.
