Le Tanneur X The Fashion Guitar : The Charlotte Edit

NEW YORK, NY, UNITED STATES,
October 1, 2026 /EINPresswire.com/ --
The French leather goods brand partners with Charlotte Groeneveld on a personal reinterpretation of the Émie in extra large — and introduces itself to an American audience for the first time.

> A bag is something my whole look can be styled around. With a busy city life I need it to be practical as much as it's stylish. The Emie is an extension of me and my NYC life as a creative & mother."

Le Tanneur, the French maroquinerie house founded in 1898, announces its first American collaboration: The Charlotte Edit, created with Charlotte Groeneveld, the New York-based voice behind The Fashion Guitar.

For this edition, Charlotte chose the Émie in extra large bag that has quietly become one of the house's most loved silhouettes and shaped it to her own taste, in a deep, subtle grey that reflects the way she actually dresses and lives.
The Émie, seen through Charlotte's eyes
The Émie is soft in construction, recognizable by its double-T hardware and its pairing of smooth leather with suede. In its extra-large proportion, it is a bag designed to be carried daily, roomy, unstructured, and quietly elegant.
Rather than reinventing it, Charlotte edited it. The grey she selected sits somewhere between city and season, a color that asks for nothing and goes with everything. It is less a new bag than a point of view: hers.
"A bag is something my whole look can be styled around but with a busy city life I need it to be practical as much as it's stylish. The Emie is an extension of me and my NYC life as a full-time creative and mother. Grab it, fill it, take it anywhere. " - Charlotte Groeneveld, The Fashion Guitar
