

B-Dry Offers A 'Smarter Way' Process On Crawl Space Waterproofing Services

/EINPresswire.com/ B-Dry is inviting clients looking to waterproof their crawl spaces to experience its 'Smarter Way' Process. The B-Dry Smarter Way process promises reliability and utmost professionalism.

B-Dry's crawl space [waterproofing solutions](#) are well known in the US and Canada. The company uses the latest technologies and equipment to deliver world class service. B-Dry is inviting people looking for crawl space waterproofing solutions to experience the company's 'Smarter Way' process.

B-Dry has served nearly half a million customers with its proprietary crawl space, [foundation repair](#) and basement waterproofing solutions. With seven patents under its belt and offices in 45 locations, B-Dry is one of the best crawl space waterproofing companies nationwide.

Home repair services have gained a dubious deputation for unreliability. Companies who are awarded contracts for crawl space repair do not show up on time, do not live up to their promises, charge more than what they are supposed to, and try to avoid responsibility once the job is complete even when they have under-delivered.

While the home repair industry is battling these charges, B-Dry is a refreshing change. The company's 'Smarter Way' process is a client-centric program that all B-Dry customers can experience. B-Dry technicians respect their client's home as they would their own home, and they are very particular about timeliness. The deadline promised to the client is adhered to. The 'Smarter Way' is a checklist that creates accountability. Clients are kept in the loop about all decisions and their time is respected. Well mannered and pre-screened employees complete the job with utmost professionalism. After a crawl space is waterproofed thoroughly, the area is cleaned up and a follow up is done.

Crawl space waterproofing can be very tricky. However, B-Dry technicians have managed to master the art of crawl space waterproofing. The company even offers a unique 'life of the structure' warranty on crawl space waterproofing. B-Dry's crawl space [water proofing](#) solution is a permanent fix and once a client gets it done, nothing else is needed. The warranty is fully transferable to the next owner of the house.
