

# Global Vision Launches QCanywhere the First Cloud-Based Apps to Inspect Documents, Artwork, Print

/EINPresswire.com/ For only \$1 per inspection [QCanywhere](#) is designed to be an affordable and indispensable tool for protecting brand equity for any business

Global Vision, the industry leader in the development of automated proofreading solutions, today announced the launch of QCanywhere™, the industry's first [SaaS](#) tool for quality control. QCanywhere addresses the need for company-wide access to quality control tools to help protect brand integrity.

QCanywhere is a cloud-based business application bundle (QCapps™) that is simple to access from any device. Designed for brand owners and professionals across multiple industries such as Printing, Graphic Arts, Financial, Legal, Healthcare and Pharmaceutical, these apps enable businesses to inspect documents regardless of geographic location. Reports can be generated and shared by e-mail to collaborate on quality and dramatically reduce approval cycles and time-to-market.

## Key benefits

- Only \$1 per inspection
- Mobile Quality Control
- Protect brand integrity
- Eliminate errors anywhere
- Rapid approval cycles
- Reduce time-to-market
- No installation required

“The introduction of QCanywhere has revolutionized the way companies can inspect documents, artwork and print. QCanywhere enables deeper collaboration between different internal teams as well as third party suppliers,” explained Reuben Malz, President of Global Vision. “By sharing QCanywhere reports through e-mail, you can bring key decision makers into the process, which translates into a more secure and faster way to bring your product to market. Since it is cloud-

based, it is truly mobile, allowing users to review reports anywhere using a laptop, tablet or smart phone."

#### Available QCapps

QCtext – Compare documents

QCartwork – Compare artwork files

QCspell – Spell check PDFs

QCbraille – Translate Braille

QCprint – Inspect printed materials

QCbarcode – Inspect and grade barcodes
