

Multiple Asia Pacific itSMF Chapters Choose IT Governance as their Official Bookstore

/EINPresswire.com/ itSMF chapters throughout the Asia Pacific region have chosen [IT Governance](#), the [IT service management](#), information security and governance experts, as official bookstore operators for their members.

“Providing bookstore services to itSMF members is a great honour for us” says CEO of IT Governance, Alan Calder. “Members benefit from a discount when shopping with us, which they can use across our entire website including books, standards, toolkits and training services. This service has proved popular with other chapters we are working with across Europe and America and we are delighted to be providing the same level of service to the Asia Pacific region.”

itSMF members of Hong Kong, Singapore, Thailand, New Zealand and Philippine chapters can use their discount on everything in the bookstore including official Cabinet Office titles, toolkits to enable ISO 20000 certification, itSMF and ITGP titles. All titles are available at www.itgovernance.asia.

The bookstore is convenient and cost-effective for members situated throughout Asia Pacific as it ships goods from a Hong Kong warehouse and the bookstore itself is denominated in USD, SGD, HKD, THB, NZD and PHP. Coupled with their member discount, this means fast and cost-effective shipping for all members.

Contact your itSMF chapter for more information on the bookstore service or visit the website directly: www.itgovernance.asia
