

Drivers Find Affordable Luxury In The Chrysler 300 SRT8 At Brisbane Dealer, Northstar Chrysler

/EINPresswire.com/ Drivers looking to test drive the 2013 [300 SRT8 in Brisbane](#) need go no further than Redcliffe where Northstar Chrysler has plenty of the luxury autos in stock. Drivers can arrange a test-drive of the 300 SRT8 in Redcliffe in person or online.

REDCLIFFE, QLD -- Northstar Chrysler Jeep Dodge in Redcliffe is busy arranging test-drives of the new [Chrysler 300 SRT8 in Brisbane](#). The

Redcliffe dealer reports a surge in test-drives since the arrival of the new 2013 models earlier this month.

"The Chrysler 300 SRT8 is a unique, one-of-a-kind vehicle that is grabbing attention wherever it goes. The looks alone are enough to turn heads, but then people hear about the engine performance and they have to come in and test it out for themselves," explained Bob Aldons of Northstar Chrysler Jeep Dodge in Redcliffe (<http://www.redcliffe.cjddealer.com.au/>).

The engine that has people talking about the 300 SRT8 in Brisbane is a 5-speed automatic 6.4-litre HEMI® V-8 that provides 347 kW and 631 Nm of torque. Set into a low stance, aggressively-styled automobile, the engine delivers powerful performance that handles easily. An outside glance at the vehicle conveys a sense of luxury reminiscent of the most sought-after European luxury automobiles with jewelled headlamps and 20-inch black alloy wheels commanding attention.

The inside of the vehicle is just as impressive with leather accents throughout and a performance-based ergonomic design. Cast-aluminium paddle shifter controls allow the driver to shift gears without taking hands off the wheel. Other interior features include the Uconnect® 8.4-inch touchscreen Media Centre which controls both audio and interior climate functions while providing drivers with vital vehicle information. Audio is enhanced with 19 Harmon

Kardon® High-Performance, High-Efficiency GreenEdge® Loudspeakers.

"The Chrysler 300 SRT8 is both a luxury auto and a performance vehicle in one affordable package. That's the really unique thing about this automobile. Typically, you can have luxury features or powerful performance in an auto, but not both. Chrysler has done away with that assumption and the result is the beautifully engineered SRT8 that handles as well as it looks," explained Aldons.

Aldons and his staff arrange test drives of the SRT8 in Redcliffe Monday through Saturday. Interested drivers can find more information about this luxurious and powerful new vehicle in person by visiting Northstar Chrysler Jeep Dodge at 320 Anzac, Avenue, Kippa-Ring 4021, Redcliffe, QLD or online at <http://www.redcliffe.cjddealer.com.au/>.
