

Lab88 Announces Spring 2013 Diet Pill Special

/EINPresswire.com/ "The [Celebrity Diet Pill](#)" MetaboSpeedX is now available for Housewives

Who doesn't want to lose a few pounds in Spring to prepare for bathing suit season ahead? The Centers for Disease Control and Prevention reports that more than one-third of U.S. adults (35.7%) are obese. There was a dramatic [increase in obesity](#) in the United States from 1990 through 2010. Additionally, the percent of adults age 20 years and over who are overweight (and not obese) totaled 33.3% (2009-2010).

In other global studies, it was reported that more than 60 percent of men and 50 percent of women were either overweight or obese. According to U.S. Department of Health and Human Services from 2005–2008, women were less likely than men to be overweight (27.3 versus 39.6 percent, respectively) but more likely than men to be obese (34.9 versus 31.8 percent, respectively).

Lab88 recognizes that some people need some help when it comes to curbing hunger and get a kick start to a weight loss regimen. MetaboSpeedX is the "celebrity diet pill" designed with ingredients intended to promote weight loss, reduce hunger and to energize. Numerous articles have been written about Hollywood's use of this sensational formula. MetaboSpeedX's proprietary formula is powered by natural ingredients researched and shown to aid with weight loss including Bitter Orange, Green Tea and Guarana.

Bitter Orange also known as Citrus Aurantium has been used for thousands of years to improve overall health. A compound in Bitter Orange called Synephrine has been shown to contain powerful thermogenic (fat burning) abilities, thought by scientists to make it easier for a person to burn excess fat.

Green Tea extract is linked with several health benefits (many supported by preliminary scientific research) to include potential cancer-fighting properties and a strong antioxidant effect that protects the body from damaging free radicals effects.

Guarana comes from the seeds of a Brazilian shrub. As a dietary supplement, Guarana contains about twice the caffeine found in coffee beans and is thought to work as an effective energy booster.

Just in time for Spring Lab88 is offering "[The Gift of Skinny](#)" with free shipping on all Spring Promotion orders. To see more information about The Gift of Skinny offers visit
