

# Handicappers Beta Launches a New Horse Racing Program

/EINPresswire.com/ Handicappers brings the excitement of horse racing home for free on computers and iPads

CRG Enterprises is pleased to announce the launch of an exciting new [horse racing site](#) simply titled, Handicappers. Handicappers.crgenterprises.com is a [free online horse racing program](#) which brings the excitement of horse racing home!

Handicappers is like no other site! Through its unique free online horse racing program, participants have the ability to place "free wagers" on selections such as a daily double, pick 3, pick 4, and pick 6, on real horse races running that day.

Winners are determined by posted horse racing results from the race tracks themselves.

With the average daily double winner earning around \$25 and the pick six winners averaging around over half a million dollars, the prizes available on Handicappers are real money worth playing for!

"The idea behind Handicappers was to bring the thrilling experience of horse racing off the track and directly home to the end user," explains Rebecca Scott, PR and Marketing Manager at CRG Enterprises. "Combining that experience with the ability for participants to win prizes has created a uniquely exhilarating online handicapper horse racing experience!"

The only requirement to participate in this free horse racing program is that participants must reside in the US and be 21 years of age or older. But don't worry, participants living outside the US as other countries will soon to have their own exciting versions of the free handicappers program, with Australia rolling out first.

"The proceeds used to payout our site winners come from the many ad sponsorships opportunities available throughout the site," says Scott. "This format allows us to offer a true horse track racing experience for free to our users, without the risk of losing money that often comes with participating in actual online or offline gambling."

Since it's the many advertisers on the site that make the free experience available to site participants, Handicappers encourages all participants to patronize as many of the advertisers as they have interest in. Continued patronage will enable Handicappers to continue offering this uniquely exciting horse racing experience free of charge.

This free online horse racing program is exciting to play and even more exciting to play with friends! On Handicappers.crgenterprises.com referring friends to join in on the fun increases their odds of winning because on Handicappers, when a referred friend wins, the referring participant wins too!

Are you ready to experience all the fun of horse racing without hitting the track? Then join Handicappers.crgenterprises.com now and play for free!

About CRG Enterprises and Handicappers:

Established in 2012 and headquartered in Bowling Green, Kentucky, CRG Enterprises runs and operates a number of free online games sites which offer entertainment for their users while raising money for a variety of charitable causes.

Handicappers.com, the newest site addition to the CRG Enterprises portfolio, creates free online horse track racing experience for users while offering prizes to race winners.
