

Manhattan Mold Removal Company Launches New Website

/EINPresswire.com/ Manhattan (Submitpressrelease123.com - press release) An established and very well known mold removal company in Manhattan, NY, just finalized and launched their new and fresh updated website design for their NYC mold inspection and removal services company. A spokesperson for the company recently stated, "As times are constantly changing, we felt the need to bring our website up to date with current times and technology. We wanted to bring a fresh new look to our business while building out our website with even more resources on mold, the causes of mold, mold pictures, videos about mold, and much more".

As Hurricane Sandy practically blew through the entire north eastern sea board and more, there have been numerous reports of high levels of toxic mold flourishing especially in densely populated areas. As recently reported and announced through mainstream media channels, this [NYC mold abatement](#) company has already warned officials and also the public on the possibility of a severe mold pandemic when the warmer weather settles in.

This popular mold removal company in Manhattan has received previous media exposure from popular TV channels, news outlets, major news wires, and local media for their contributions to the community. They have also received numerous awards and commendations for their advancements, applications, and the contributions they have made in the environmental industries in New York City. Furthermore, this Manhattan mold inspection company has also been recognized as a pioneer for thier proprietary mold inspection software which is considered to be industry standard for environmental, legal, and insurance claim reporting cases in the NYC area.
