

Omega One Marketing Is Launching A New Search Function For Targeted Email Marketing & Email Blasts

/EINPresswire.com/ Omega One Marketing is launching a new search function for targeted [email marketing](#) and email Blasts. This will enable clients and visitors get quotes for the best types of consumers they prefer. This will inevitably increase sales.

In May 2013 Omega One Marketing will be launching a brand new targeted search function for email marketing campaigns. This new targeted email marketing search page is an update from the previous search page for email marketing campaigns. With this new targeted search page and its functions, a visitor or customer can run targeted searches to see how many consumers are available for their targeted niche of interest. So they can target online shoppers with [Bulk Email Service](#) if they have a shopping website for example. Another example is that this new search function will allow targeting only home owners in Illinois, home owners in Miami Florida if a mortgage provider wanted to reach home owners in their area. Also customers can reach just photographers in California or Doctors in USA as some of the possible examples. In that page, the topmost search function allows searches for targets in all directions and allows up to a level 4 specific targeting.

Omega One Marketing is launching a new online campaign portal that will allow customers to create an account and run their email campaigns in a DIYS manner online this May 2013.

Omega One Marketing now offers precision targeted excel spreadsheet email lists with complete contact information included in the database. Any level of specific targeting is now available for excel email lists here. Offers available include Physicians Excel spreadsheet email list / Doctors Excel email addresses, Architects email lists, Accountants Excel email list, Web developer Excel email lists, CEO Excel email addresses and CIO email lists in Excel. Also [business email list](#) in Excel and so on are available. Any kind of profession or business out there is available now. More offers include consumer Excel email lists like home owners email lists in Excel spreadsheet, residential target email lists in Excel file, shoppers Excel email lists and so on. You can see more detail on the Excel email addresses here - Business email list in Excel spreadsheet.

Omega One Media is offering new Search Engine Optimization methods. All these new services and updates mention in this press release are being launched by the middle of May 2013. Visitors on the website can enjoy any of these new features!
