

# Petland Naperville Visits Breeders To Inspect Site Conditions And Evaluate Breeder Protocols

*Petland, a pet store in Naperville, recently sent representatives to Missouri to visit with some of the breeders that supply the store.*

NAPERVILLE, IL, June 3, 2013 /EINPresswire.com/ --

Representatives from [Petland Naperville](#) recently visited with several Missouri dog breeders. The meeting took place at the Missouri Pet Breeders Association Chapter Meeting. The store conducts both arranged and unannounced visits with their breeders to check on the quality of the facilities and the health and well-being of the animals.

"We conduct these inspections to make sure the animals we're receiving are healthy and coming from top-quality breeders. The inspections give us a chance to get to know the breeders and their facilities and talk to them about our customers and their wants and needs in an animal," explained Adam Stachowiak, Owner, Petland Naperville ([www.petlandnaperville.com](http://www.petlandnaperville.com)).

Specifically, the visitors from the [pet store in Naperville](#) were inspecting:

1. Health and safety of the dogs and puppies
2. Honesty and trustworthiness of the breeders
3. Cleanliness of the facilities
4. Vet care and documentation
5. Regular vaccination protocol
6. Outdoor runs for dogs

"We visit the facilities as often as we can. We try to mix it up so we visit during different times of the year and many of the visits are unannounced. This gives us an opportunity to see the facility in its day-to-day operations, not when they're expecting a visit," noted Stachowiak.

The most recent visit was planned and gave Petland Naperville representatives a chance to speak to many breeders at once. The pet store staff members were able to share information about their customers needs with breeders, notably: a healthy, well-socialized puppy of breed
