NEW DELHI, June 12, 2013 /EINPresswire.com/ -- New Delhi, June 12, 2013: QUEO, the luxury sanitaryware brand under HSIL Limited has launched a new luxury bathroom series 'ENZO' in India. Style and simplicity lies at the heart of this range promising to delight customers with its perfectly fitting features suitable for any bathroom.

Designed by reputed European designers, the rectangular contour of the ENZO washbasin with rounded edges highlights its sensual silhouette. But, it is not about looks that makes ENZO desirable, it is the seamless matching of design along with functionality, which makes the product matchless. The deep dish inside is all about convenience of use. As for the water closet, the thin rim and soft lines gives a sense of effortless motion in design. Equipped with dual flushing option of 3/6 liters and duraplast seat cover, it is easy to clean and maintain hygiene.

Introducing the new series under Queo, Mr. V. Krishnamurthy, Vice-President, HSIL Limited said, "Enzo is for those who revere subtlety and its neo-modernist design. The exquisite play of intersecting geometric planes elevates its visual appeal, creating pleasing angles, while its superior craftsmanship of rounded corners and thin line alter the perception of space. This ingenuity in design gives a sense of more space". He further added, Enzo is an excellent value for money product and surely will appeal to the aspirational desires of the modern consumers'.

Priced at INR 15,953/- for the water closet and INR 9,903/- for the wash basin, Enzo from the Queo is available pan India.
