

# Night Flight Concepts Launches Online Store

*Night Flight Concepts has made purchasing equipment, training and training aides easier through the launch of a new online store.*

BEDFORD, TEXAS, June 13, 2013 /EINPresswire.com/ -- Night Flight Concepts, the leading provider of [night vision solutions](#), has made purchasing equipment, training and training aides easier through the launch of a new online store.

"The new online store makes it easy for busy flight and maintenance personnel to purchase equipment, parts, training and training aides," stated Adam Aldous, Night Flight Concepts President & CEO. "The ability to manage these transactions online gives them the flexibility to order the equipment and training they need based on their schedule."

The Night Flight Concepts Online Store offers [night vision equipment](#), [laser defense glasses](#), online training courses and a variety of training aides. The store will continue to grow as new products and equipment are made available for online purchase over the next several weeks.

Visit the new Night Flight Concepts Online Store to make managing your night vision equipment and training needs easier!

Disclosure: It is the policy of Night Flight Concepts to fully comply with all laws and regulations governing the export of its products, services, software, and technical data. No transactions are to be conducted by or on behalf of Night Flight Concepts contrary to the U.S. export control laws and regulations, including the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR).

About Night Flight Concepts ([www.nightflightconcepts.com](http://www.nightflightconcepts.com) )

Night Flight Concepts assists organizations from around the globe, providing comprehensive night vision solutions featuring training, equipment, maintenance services, and consulting options.

Night Flight Concepts was formed in 2006 by experienced civil and U.S. Army aviators, maintenance technicians, and safety officers. The company has over 50 combined years of aviation experience and performed flight operations around the globe and in all environments.

Night Flight Concepts was formed to meet the challenging need and continuing growth of night vision goggle (NVG) operations within the United States and abroad, particularly for law enforcement agencies, air medical/rescue services, military organizations, and government task force agencies; our "First Responders."
