

Online Emergency Warning Lights Retailer Reveals Cost Saving Line

The most widely known strategy for quickly demonstrating authority and officer presence is the effective use of LED Emergency Warning Lights and sirens. Period.

DIAMOND BAR, CALIFORNIA, June 18, 2013

/EINPresswire.com/ -- Online-LED-Store.com - Newly established, industry leader, Online-LED-Store has recently released a new line of [Emergency Warning Lights](#) named SolarBlast. The new line officially launched on January 10, 2013 and is available online only, in order to reduce costs to their clientele.

According to the company's Chief Demonstration Officer, "Our products can easily be compared to the major players in the industry and might even be a little bit better at about half the cost. The new line, SolarBlast, has been developed by the [LAMPHUS Emergency Warning Lights](#), a leader in the industry and only available from our online store".

providing law enforcement agencies, fire departments, public utilities, emergency medical services, construction companies, and individual clients that have a need to be recognized, a low cost alternative to higher priced market leaders. This holds true for the remainder of the company's quality [LED warning lights](#) as well.

Due to offering free shipping in the United States on all their online products, Online-LED-Store transfers the savings to their clients, which frees agency funds for other

necessities.

Backed by an industry leading, money back guarantee, Online-LED-Store and the SolarBlast line should be a force to reckon with. In fact, all the products on this site come with a full refund

guarantee and the support staff can even answer installation questions in spite of their extensive installation guides.

The SolarBlast line of Emergency Warning Lights is now available through Online-LED-Store.com and is available in many configurations to fit various industry applications. LAMPHUS is the premier product in this line.
