GENERAL INFORMATION

=====

The Second International Conference on Informatics & Applications (ICIA2013) will be held on September 23-25, 2013. The main objective of this conference is to provide a medium for professionals, engineers, academicians, scientists, and researchers across the globe to present the result of their research activities in the field of Computer Science, Engineering and Information Technology. ICIA2013 provides opportunities for the delegates to share the knowledge, ideas, innovations and problem solving techniques. Submitted papers will be reviewed by the technical program committee of the conference.
