

# ISO 27001 Foundation and Lead Implementer training package – the optimal route to go from beginner to implementer level

---

ELY, UK, June 20, 2013 /EINPresswire.com/ -- [IT Governance](#), the global leader in [information security training](#), has reported that the ISO 27001 Information Security Training Package is the optimal route to step up from ISMS beginner to ISMS implementer level in just four days. The next combination training course takes place on 22-25 July in London and can be booked at [www.itgovernance.co.uk/shop/p-625.aspx](http://www.itgovernance.co.uk/shop/p-625.aspx).

Developed by implementation experts Alan Calder and Steve Watkins, the IT Governance Foundation and Lead Implementer pathway ensures delegates receive expert guidance for their ISO 27001 project.

Alan Calder, CEO of IT Governance, says, "We run a couple of combination training courses annually and have established that some delegates prefer to take both foundation and lead implementer training together to optimise their time and expenses. Some delegates who are familiar with the ISO 27001 standard take advantage of the package simply to refresh their knowledge and be able to make a swift move to the implementer level."

Ever more organisations are using the information security standard ISO 27001 as best practice for improving their cyber security defences and for demonstrating to customers and suppliers that their confidential information is secure.

Understanding the implementation process and choosing an approach that meets the needs of the organisation can be challenging. Professional training helps implementers gain the knowledge, skills and confidence necessary for completing the project successfully.

Delegates who successfully complete the course will be awarded the Certified ISMS Foundation (CIS F) and Certified ISMS Lead Implementer (CIS LI) qualifications by [IBITGQ](#) and will collect 28 CPD/CPE credits.

Places on the course can be booked at [www.itgovernance.co.uk/shop/p-625.aspx](http://www.itgovernance.co.uk/shop/p-625.aspx).
