

The Surgical Weight Loss Center of Doctors Hospital Now Offers One-on-one Surgery Consultations

DALLAS, TX, June 20, 2013 /EINPresswire.com/ -- The Surgical Weight Loss Center of Doctors Hospital at White Rock Lake is now offering free one-on-one weight loss surgery consultations to familiarize potential patients with bariatric surgery options.

The Surgical Weight Loss Center of Doctors Hospital at White Rock Lake is now offering free one-on-one weight loss surgery consultations to familiarize potential patients with bariatric surgery options and answer any questions they may have before embarking on their weight-loss journey. During these free consultations, patients meet with experienced [bariatric specialists](#) who will put their minds at ease by answering any questions about what is involved in this surgery. Patients also have the opportunity to learn more about insurance benefits and any provider requirements of their particular health insurance plan, since the hospital accepts many insurance plans that cover bariatric surgery.

"These consultations offer patients the personal touch, words of reassurance, and one-on-one connection they need to help them gain peace of mind that they are making positive changes in their lives," said Terri Rivers, RN, bariatric nurse manager at Doctors Hospital at White Rock Lake. "We help patients make an informed decision about which bariatric surgery is right for them so they can achieve their weight loss goal in the healthiest manner."

Doctors Hospital at White Rock Lake provides a full range of [bariatric surgery care services](#), including inpatient and post-operative care, as well as monthly support groups and educational seminars to help guide patients through their weight loss journey. In addition, the facility is now offering free individual consultations with patients to familiarize them with all their surgical options and help them make informed decisions before undergoing bariatric surgery.

Bariatric surgery options at The Surgical Weight Loss Center of Doctors Hospital at White Rock Lake include Roux-en-Y, LAP-BAND® Adjustable Gastric Banding System, and the gastric sleeve procedure. After surgery, bariatric patients are tended to in one of the private, post-surgical suites specifically designed with features to help make their hospital stay more comfortable.

For more information about The Surgical Weight Loss Center or to schedule a free one-on-one weight-loss surgery consultation, call 888-228-6466 today.
