

The Fourth International Conference on Digital Information Processing and Communications (ICDIPC2014)

All accepted papers will be included in SDIWC Digital Library, and in the proceedings of the conference.

KUALA LUMPUR, MALAYSIA, June 21, 2013 /EINPresswire.com/ -- The Fourth International Conference on Digital Information Processing and Communications (ICDIPC2014) Asia Pacific University of Technology and Innovation (APU), Kuala Lumpur, Malaysia March 18-20, 2014

<http://sdiwc.net/conferences/2014/icdipc2014/>

=====

The proposed conference will be held at Asia Pacific University of Technology and Innovation (APU), Kuala Lumpur, Malaysia. From March 18-20, 2014, which aims to enable researchers build connections between different digital applications.

The conference welcomes papers on the following (but not limited to) research topics:

- Biometrics Technologies
- Computational Intelligence
- Cryptography and Data Protection
- Data Compression
- Data Management in Mobile Peer-to-Peer Networks
- Data Mining
- Data Stream Processing in Mobile/Sensor Networks
- Distributed and parallel applications
- E-Government
- E-Learning
- E-Technology
- Embedded Systems and Software
- Forensics, Recognition Technologies and Applications
- Fuzzy and Neural Network Systems
- Image Processing
- Indexing and Query Processing for Moving Objects
- Information Content Security
- Information Ethics
- Information and Data Management
- Internet Modeling
- Mobile Networking, Mobility and Nomadicity
- Mobile Social Networks
- Mobile, Ad Hoc and Sensor Network Management
- Multimedia Computing
- Network Security

- Peer-to-Peer Social Networks
- Quality of Service, Scalability and Performance
- Real-Time Systems
- Remote Sensing
- Self-Organizing Networks and Networked Systems
- Semantic Web, Ontologies
- Sensor Networks and Social Sensing
- Signal Processing, Pattern Recognition and Applications
- Social Networks
- Social Search
- Software Engineering
- Ubiquitous Computing, Services and Applications
- User Interfaces and Usability Issues form Mobile Applications
- User Interfaces, Visualization and Modeling
- Web Services Architecture, Modeling and Design
- Web Services Security
- Wireless Communications
- XML-Based Languages

All accepted papers will be included in SDIWC Digital Library, and in the proceedings of the conference.

Researchers are encouraged to submit their work electronically. All papers will be fully refereed by a minimum of two specialized referees. Before final acceptance, all referees comments must be considered.
