

# Easystart Home Builder In Perth Offers \$10,000 Holiday Promotion For Home Buyers

*Easystart Homes is offering new homebuyers a chance to win a \$10,000 holiday when they commit to a house and land package in Perth.*

The builder is dedicated to helping the first home buyer in Perth find the home of their dreams.

PERTH, WEST AUSTRALIA, June 25, 2013 /EINPresswire.com/ -- Through June 30, 2013 Easystart Homes is offering a chance to win a \$10,000 dream holiday

to homebuyers who sign a contract to build. Homebuyers can choose from 22 Easystart home designs to qualify for the "Build With Us and See The World" promotion.

"We understand how hard it is to give up the little luxuries, like going on holiday, when you're purchasing a home which is how the Build With Us promotion came about. It's our way of giving those home buyers, who are usually on a tight budget, a chance to see the world and build a new home at the same time," explained Sandra Muller of Easystart Homes ([www.easystarthomes.com.au](http://www.easystarthomes.com.au)).

The homes are all part of the builder's "Easy" range of homes, which feature a variety of premium features such as European stainless steel appliances, high quality and stylish fixtures and fittings. All of the homes in the Easy Range are fully finished with window treatments and floor coverings. Easy Range homes are available as [house and land packages in Perth](#) and the surrounding suburbs with prices starting at \$153,000 in Perth and \$157,800 in the South West.

The [home builder in Perth](#) launched the promotion in April and has had nothing but positive feedback ever since.

"It's been a very popular promotion. Who wouldn't want to get a new home and win an overseas holiday? Many of our clients are first homebuyers who have been saving up for their first home. That means they've been putting holidays on hold and limiting their discretionary spending. This is chance to make up for everything they gave up in order to save for the home," noted Sandra Muller.

Part of the Summit Homes Group, Easystart Homes caters to the [first home buyer in Perth](#) and

the surrounding suburbs. The builder strives to provide quality, affordable homes with many standard inclusions that today's buyers want. The builder works under the team approach and has designed their process to "make it easy." Home designs, financing and house and land packages are all available through Easystart. All homes are backed by a 25-year structural guarantee.
