

Fair Trading Technology Appoints Lisa Bogren its First Chief Human Resources Officer

LONDON, June 25, 2013 /EINPresswire.com/ -- [Fair Trading Technology](#) announced today that Lisa Bogren has been appointed as the first Chief Human Resources Officer of the rapidly growing technology provider.

Ms. Bogren's appointment is a major step for Fair Trading Technology as an employer. Since its launch in 2010 the company has grown steadily and today employs approximately 40 full-time employees. The company is now looking to expand the team even further.

Ms. Bogren, who comes to Fair Trading Technology with wealth of experience in Human Resources, says she is looking forward to being a part of the company's team and helping it grow.

"Fair Trading Technology is a company that is full of great spirits, innovation, creativity and drive. It has an amazing group of employees and I'm honored to be part of the team," she said.

"The current stage of the company is very exciting as we are welcome new colleagues every month," said Ms. Bogren. "I'm glad to be in the position to give more people the opportunity to be a part of this journey."

Fair Trading Technology Chief Marketing Officer Karl Alfredsson welcomes Ms. Bogren to the new role.

"It's a great pleasure to welcome Ms. Bogren to the team. We are expanding rapidly and she will be a great resource in managing this growth."

In conjunction with the creation of the CHRO position, Fair Trading Technology also recently added a [career](#) section to their website, where new job offerings will be published continuously, as well as through other social media platforms.

Fair Trading Technology is a rapidly growing technology provider, creating new and innovative solutions for the day-to-day problems facing foreign exchange brokers and their clients.

"We are currently looking to find new talent, and we are primarily using [LinkedIn](#) to reach and interact. This is in line with our focus to utilise social platforms," Mr. Alfredsson said.

Fair Trading Technology is a rapidly growing technology provider, creating new and innovative solutions for the day-to-day problems facing foreign exchange brokers and their clients. Since 2010, the company's technology has been connecting trading platforms, liquidity providers and brokers of all sizes in a unique, seamless shared wallet environment. Fair Trading Technology currently has operations in London, New York and Sweden.
