

Telmoco Development Labs launches its 7-inch Android Tablet Phone - Attitude Next 6339 in Kerala

Telmoco Development Labs, Kerala's first incubated consumer electronics start-up has come out with a 7 inches Android tablet phone called 'Attitude Next 6339.'

TRIVANDRUM, KERALA, June 27, 2013 /EINPresswire.com/ -- Trivandrum, June 27, 2013 - Telmoco Development Labs, Kerala's first incubated consumer electronics start-up has come out with a 7 inches Android tablet phone called 'Attitude Next 6339.' The product is available over 400 retail stores in Kerala and over a 100 online stores at a price of Rs.7, 999/-.

It was last year in April that Telmoco launched their first product Attitude Daksha which was touted as a competitor for the central government promoted Aakash tablet computers.

"Daksha's success in the market was overwhelming and we sold over 2,500 tablets. We are constantly researching to bring in latest technological advancements and our Next 6339 is equipped with the latest technology such as 2G Voice Calling facility, dual camera (0.3 VGA front camera, 2MP back camera), A-GPS, high quality IPS Clear View Dynamic Resolution Screen (1024*600 pixels), on the go FM Radio, storage (8GB, 512 MB RAM internal with micro SD, 32 GB external) and high performance battery (5500 mAH, 4.2 V) along with fully-loaded informative and entertaining apps," said Nijesh C R, Director, Telmoco Development Labs Pvt Ltd.

"We have partnered with some renowned App vendors to install various applications into the tablet phone. We have tied up with Next Education to provide educational content from 6th to 10th grade of the Kerala State Syllabus in Maths, Science, Social Science and English. Apart from this, some other apps that can be accessed through Next 6339 are iBibo Games, number of entertaining applications from the Sparkling apps, Innoz 55444, EdServ Education, Kingsoft Mobile Office, etc. We have also partnered F-Secure Corporation Finland to provide antivirus Software for tablet and with Accel Frontline Services limited for warranty and service centers in India." said Aadit Bose, Director Telmoco.

Specifications

Mobile Network

2G GSM Network 900/1800

Standard SIM (All GSM Band supported)

Voice Calling facility (IMEI and SAR Certified)

GPRS data transfer 171.2 kbps

EDGE data transfer 384 kbps

Processor

1 GHz ARM Cortex-A9, Mediatek MT6515

PowerVR SGX531 395 MHz Graphics processor

Dimensions

190 x 122 x 11.8 mm

Weight 350gms

Display

IPS capacitive multitouch touchscreen 16M colors

Resolution 1024*600 pixels

7.0 inch TFT LCD (edge LED display) (~180 ppi pixel density)

Sound
