

Molis Dental Offers Teeth Whitening, Invisalign and 20 Percent Off Discounts To Get Ready For Summer

Burr Ridge dentist, Molis Dental, is offering an Invisalign special and free teeth whitening in Burr Ridge and South Holland

BURR RIDGE, IL, July 2, 2013

/EINPresswire.com/ -- [Molis Dental](#) has several spring specials running at both their Burr Ridge and South Holland offices. Both offices are running Invisalign and teeth whitening specials. The South Holland office is also offering a 20% discount on a restorative treatment plan.

A 20% off restorative services discount is also available to those who visit the dentist in South Holland.

"We're running these specials to help people get ready for summer. We've noticed an increase in demand for teeth whitening and Invisalign services every spring. Many times those requests are from people who are planning to attend a wedding or a reunion and they want to look their best, but summer is also the time when people are out socializing more often and they become more aware of their smile. Both teeth whitening and Invisalign are effective ways to improve the smile without drastic procedures," explained Dr. Ryan Molis of Molis Dental (www.molisdental.com).

The [Burr Ridge dentist](#) office is running an Invisalign special of \$3,199 for complete treatment. That price includes teeth whitening and retainers. This is a drop in price from \$5,100. The office is also offering free teeth whitening or a \$50 gas card for new patients who purchase a full set of X-rays and a cleaning.

For those who visit the [dentist in South Holland](#), they will find the same Invisalign and teeth whitening specials along with a 20% discount on an entire restorative treatment plan. The restorative treatment plan may include crowns, fillings and/or dentures.

"Restorative treatment is often done piecemeal as patients replace old fillings or develop cracked teeth that need crowns or find that the time has come for dentures. By developing a full restorative treatment plan, all those little problems can be taken care of before they become big problems and, with the 20% discount, patients can save money by having the work done now," explained Molis.

Molis Dental has been providing dental services in Burr Ridge since 1983. The dentists provide family dentistry and cosmetic dentistry services. Dr. Ryan Molis is an Elite Invisalign Provider, making him among the top 1% of all Invisalign dentists in the world.

Molis Dental offers free first time consultations and is accepting new patients at both locations. To make an appointment for a cleaning, x-rays or teeth whitening in Burr Ridge, contact Molis Dental at 630.920.1990. The South Holland office can be reached at 708.333.2909.
