

Empowering people with disability using Physical Medicine & Rehabilitation - OMICS Group Clinical Conferences

International Conference and Exhibition on Physical Medicine & Rehabilitation from 19-21 August 2013 at Embassy Suites Las Vegas, USA.

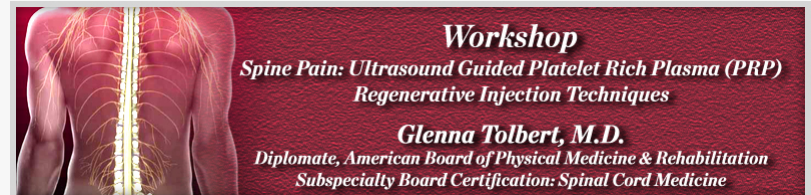

LOS ANGELES, CA, July 15, 2013

[/EINPresswire.com/](http://EINPresswire.com/) -- A person is called healthy only when she/he is blessed with functional and the metabolic efficiency. Sustainable healthy living is possible only when a right proportion of the physical, mental and the social wellbeing is maintained. Physiatry, also called as rehabilitative medicine plays a vital role in the perfect management of healthy living.

Dr. Frank H. Krusen coined the term 'physiatry' in 1938. It is a branch of medicine that aims to enhance and restore functional ability and quality of life of people with physical injuries and disabilities. It mainly aims at restoring optimal functioning of the people with disabilities.

Keeping the importance of this branch medicine the OMICS Group announce an International Conference and Exhibition on Physical Medicine & Rehabilitation from 19-21 August 2013 at Embassy Suites Las Vegas, USA.

This event aims at bringing a unique international mix of health concerned research institutions, leading universities, government organizations, treatment, and rehabilitation centers across the

Workshop
Spine Pain: Ultrasound Guided Platelet Rich Plasma (PRP) Regenerative Injection Techniques
Glenna Tolbert, M.D.
*Diplomate, American Board of Physical Medicine & Rehabilitation
Subspecialty Board Certification: Spinal Cord Medicine*

Workshop - Spine Pain: Ultrasound Guided Platelet Rich Plasma (PRP) Regenerative Injection Techniques

International Conference and Exhibition on **Physical Medicine & Rehabilitation**
August 19-21, 2013 Embassy Suites Las Vegas, USA

International Conference and Exhibition on Physical Medicine & Rehabilitation 2013

globe together making the conference a perfect platform to share novel therapeutic innovations and challenges in the field of Physical Medicine & Rehabilitation.
