HELSINKI, FINLAND, July 29, 2013 /EINPresswire.com/ -- The leader in binding equipment, [Rhin-O-Tuff](#), recently participated in the 2013 FinnGraf exhibition in Helsinki, Finland. All of the Finnish finishing equipment suppliers were in attendance as exhibitors, including Grafitrio Oy, the Finnish Rhin-O-Tuff dealer, based in Helsinki. The exhibition was held at Jyväskylä Congress Centre and was organized by Jyväskylä Fair Ltd. All exhibitors were set up in one hall for the exhibit.

Rhin-O-Tuff recently participated in the four day FinnGraf 2013 Exhibition event in Helsinki, Finland.

"This was the largest special exhibition for the printing industry in Northern Europe, and we were proud to be able to exhibit some of our book binding equipment to this receptive crowd. It was exciting to meet so many industry professionals who recognized and complimented the

Rhin-O-Tuff brand," said [John Lugviel](#), Vice President of Business Development at Rhin-O-Tuff (<http://www.rhin-o-tuff.com/products>).

“

We have built the Rhin-O-Tuff reputation by dedicating ourselves to building dependable products that last a lifetime.”

Rhin-O-Tuff is a manufacturer of a range of paper punching and document binding systems that are sold throughout the world by licensed dealer and distribution partners. The paper punches and binding equipment range from medium to heavy duty in design, in order to handle a wide range of job sizes. These document binding

machines offer adjustable solutions for all types of coil binding, spiral binding, comb binding, and wire binding jobs. Essentially, Rhin-O-Tuff's binding systems are designed to be customizable

in order to fit the binding and punching needs of full scale print production facilities, in addition to being suitable to any organization that has a need for in-house binding solutions.

"We have built the Rhin-O-Tuff reputation by dedicating ourselves to building dependable products that last a lifetime, but that's not the only thing that makes our products thrive. In today's economy, you have to add value for your customers. The more creative the industry can be in finding new solutions, the better its chances for success and continued customer demand," explained Lugviel.

The company has continued to innovate book binding equipment design throughout the years by [enhancing the versatility](#) of their binding and punching machines. The ONYX Series of comb, wire, and spiral binding machines have introduced new features that set them apart from other bindery equipment. Featuring interchangeable die technology, the ONYX series equipment can be customized to suit any organization's binding needs.

In addition to unique product design and a standing commitment to durability, Rhin-O-Tuff also offers an unparalleled 3-year warranty on their flagship ONYX Series products.
