The Ambiance is a 3 bedroom, 2 bathroom home that boasts a gourmet kitchen and luxurious appointments throughout. The open-living floor plan makes the home the perfect choice for growing families that like to entertain with the centrally located master chef kitchen overlooking the living, dining and alfresco areas. When it's time to retreat from the world, Mum and Dad can head toward the

master suite or study at the front of the home.

The large home builder didn't forget the kids either. They have their own retreat at the rear of the home where the two minor bedrooms are connected via a computer zone that could double as a home office or homework area. The home theatre is another option for relaxing. Tucked away from the hustle and bustle of the living and dining areas, the theatre is completely enclosed, keeping sound disruption to a minimum. Recessed ceilings throughout the home add to the spacious feel.

"It's easy to understand why The Ambiance received the Housing Excellence Award. It has the open living floor plan that today's buyers' want but it also has plenty of areas of sanctuary where family members can go to relax and enjoy some solitude. The finishing touches really push The Ambiance ahead of the competition. Raymor tapware, Blanco stainless steel appliances, built-in shelving in the robes and soft-closing cabinets and doors are standard and when they're all combined in one home the results are stunning," noted [Sandra Muller](#) of New Generation Homes (<http://www.newgenerationhomes.com.au/>).

New Generation Homes is routinely recognized for their impressive home designs and high-quality construction whether it's a display home or one of their house and land packages in Perth. In 2013, the Company was recognized by the MBA with the Excellence in Building Practice Award Most Affordable Family Home.

The Ambiance is open for viewing on Saturdays, Sundays and Monday public holidays from 1-5 p.m. and from 2-5 p.m. on Mondays and Wednesdays.
