*Yarr! Kingdom of Pirates, a multiplayer strategy game, has hit the iTunes App Store and is now available for download!*

SHANGHAI, SHANGHAI, CHINA, August 3, 2013 /EINPresswire.com/ -- Yarr! Kingdom of Pirates, a multiplayer strategy game, has hit the iTunes App Store and is now available for download! This Toivon Studio game features hundreds of quests, PVP warfare, and tons of player-to-player interaction!

The game kicks off with a small group of amateur pirates landing on a dangerous island. The player, as captain of the pirate ship, must make all decisions for his or her crew. They must clear the island of foes, establishing it as their own base. The player must replenish his or her resources by building a farm, a mine, a forge, a tavern, a warehouse, a training center, and a technology center. Once all buildings are up and running, the pirates can begin their quest for priceless treasures.

During the quest for treasure, pirates must fight their way through dangerous islands and treacherous waters. They can use the materials and resources they gain to forge powerful equipment. Gold earned from quests can be used to train their officers on the training grounds. The player can

free cursed pirates he or she encounters on the journey by gambling for the pirate at the tavern. Freed pirates will join the player's crew.

Players will be engrossed by the enriching storyline and detailed graphics! The game also offers an in-game chat where players can recruit each other for their guilds. Players can work with fellow guild members to make their guild powerful, in turn granting themselves better weekly stipends. Guild members can even send each other guild-only gifts!

Players from different guilds can attack each other in Open Waters in order to pillage materials, gain prestige, and take themselves to more treacherous territory. The further players travel into treacherous waters, the more game features they can unlock. The most treacherous territory in Open Waters is available only to the most powerful players in the game.

Players can also duel each other in the Pirate Tourney in order to fight their way to the top. Top players are listed on the leaderboards and can get fabulous daily rewards to help them complete the hardest quests in the game!

Nothing can stand in the way of Sir Francis Drake's treasures!

Toivon Studio was created in February of 2012. This independent developer has 2 other games available on the iTunes App Store: Dream Shop and Dream Undercity.
