

Good Feet Announces the Grand Opening of another Arch Support Store in Austin, Texas

AUSTIN, TX, USA, August 6, 2013 /EINPresswire.com/ -- Good Feet Worldwide, LLC, an international retailer of custom-fitted arch supports with 26 styles and 350 sizes, announced today the grand opening of a new store in Austin, Texas.

The Good Feet [Austin foot pain](#) relief process provides each customer with personal bio-mechanical balancing and measuring. The customer's primary activities and shoe style preferences are also taken into consideration prior to being personally fitted with arch supports that can provide them with the ultimate comfort, balance and support.

"Fifty percent of people who come to Good Feet are looking for relief from foot pain, [heel pain](#), bunions, and neuromas. [Plantar fasciitis](#) is the biggest problem; they are looking to escape painful shots or surgery," says Arnold Pereira, store owner. "We provide them with instant pain relief in the store. The customer can try out our products before they buy." The other fifty percent are looking for relief from back, hip, knee, ankle pain, and balance issue.

Good Feet products are designed to support all four of the foot's arches, which makes the personal fitting process so important. Through better arch support, a person's body weight can be more evenly distributed, which maximizes stability and balance. The Good Feet foot pain relief products are also designed to reduce pressure and eliminate foot pain, knee pain and even back pain.

The new Good Feet store is located at 10900 Lakeline Mall Drive, Austin, TX 78717.
