"The Del Mar offers the best of both worlds. It's big enough that families can have some personal space when they want it, but small enough that everyone can come together and it's designed well enough that they don't feel like they're packed on top of one another when they do. It's an incredibly versatile home that can meet the needs of any family," said [Chris Hopkin](#), Sales Manager at Easystart Homes (<http://www.easystarthomes.com.au/>).

At the front of the home is the master suite, with his-and-hers robes and a private ensuite. The three minor

bedrooms are located to the rear of the home with the second bathroom and an activity room that can be used as a study or game room. The home builder in WA has placed the heart of the home in between the two bedroom areas. The kitchen, dining room and living room areas all

merge seamlessly together and even open up onto an alfresco that adds another 26m² of space to the area. The 31c ceilings throughout this central area give the home its spacious feel. The Del Mar isn't done yet. A home theatre near the master suite overlooks a verandah and provides a quiet and comfortable retreat from the rest of the home.

As part of the builder's Display Range, the Del Mar features many standard inclusions such as:

- 900mm European stainless steel kitchen appliances, including the rangehood
- Designer Raymor tapware and basins
- Semi-frameless pivot doors to showers
- Soft closers to all kitchen drawers and cabinets
- Designer elevations

The Del Mar is on display at 91 Vincent Road, Sinagra. It is open Mondays and Wednesdays from 2pm - 5pm, Saturdays and Sundays from 1pm - 5pm and Monday Public Holidays from 1pm - 5pm.
