

New Generation Homes Offers Feature Packed New Homes In Perth - The Big Australian Range

New Generation Homes, a family home builder in Perth presents The Big Australian Range. These feature packed homes represent the best in Australian home design.

PERTH, WEST AUSTRALIA, AUSTRALIA, August 6, 2013 /EINPresswire.com/ -- Homebuyers looking for new homes in Perth and who want value, smart

design and larger homes will want to visit [New Generation Homes](#) and see their Big Australian Range of home designs. These 20 modern home designs are packed with standard features and inclusions not often found in Perth home designs. Cleverly named to represent some of the biggest celebrities to hail from Australia, the homes feature names such as: The Blanchett, The Jackman and The Kidman. Appropriately named for such luxurious homes.

“

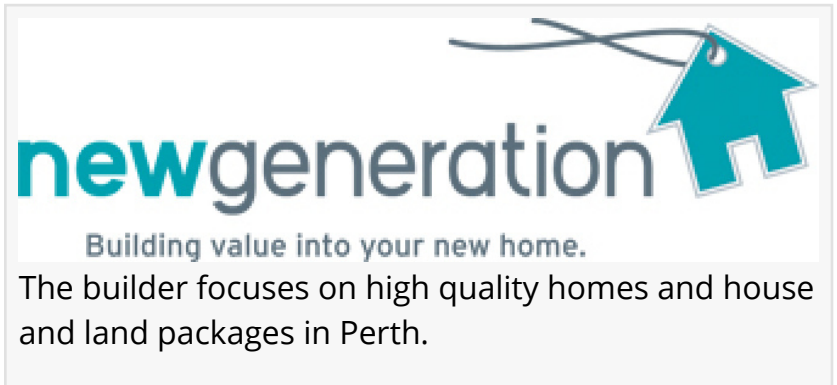

These homes are bold and beautiful with high-quality finishings and smart design.”

Sandra Muller of New Generation Homes

“[The Big Australian Range](#) represents value combined with luxury. These homes are bold and beautiful with high-quality finishings and smart design. They are larger than many of the new homes you see being built today, ranging from 225m² to 268 m². The size and the inclusions make The Big Australian Range very attractive to families,”

explained [Sandra Muller](#) of New Generation Homes (<http://www.newgenerationhomes.com.au/>).

The four and five bedroom homes all feature two bathrooms and a two car garage. The Big Australian Range homes are designed so that all of the public living areas like the kitchen, living and dining areas and the alfresco are clustered together while the private areas, such as bathrooms, home studies and activity areas are also located together. This design provides a natural separation of activities with one zone for entertaining and another to guard the family's privacy. The home theatre is one room that stands alone. It is located just far enough away from

the bedrooms and the open living areas to keep any noise that might come from the room from disturbing the rest of the household or guests.

Inclusions that the family home builder in Perth has made available in The Big Australian Range are:

- Quality floor coverings throughout, including 450 x 450 tiles to living, dining and kitchen areas, carpets in all bedrooms, home theatre and activity rooms
- Window treatments throughout
- Choice of stone kitchen bench tops
- Stunning, modern elevations including two-tone render
- Premium European stainless steel kitchen appliances including rangehood
- Stainless steel kitchen sink
- Soft closers to all kitchen, ensuite and bathroom cabinet drawers and doors
- Semi-frameless pivot door and screen to ensuite and bathroom showers
- China basins and toilet suites
- Doors to all built-in robes
- Colorbond roofing, downpipes, fascia and gutters

New Generation Homes is a 2013 Excellence in Building Practice Award Winner - Master Builders Association and all of their homes come with a 25 year structural guarantee. The builder offers display homes and house and land packages in Perth and the surrounding area.
