

Advanced Dental Care, a Family Dentist in Cranberry Township, Offers Back to School Teeth Whitening

CRANBERRY TOWNSHIP, PA, USA, August 15, 2013 /EINPresswire.com/ -- Advanced Dental Care, a leading family [dentist in Cranberry Township](#), has effectively restored the smile of many patients with stained, dull, or discolored teeth through teeth whitening.

Everyday life can wreak havoc on the enamel that protects your teeth and keeps them white. Since so many teens and adults are affected by this issue, many people look for relief from take home whitening kits, strips, and trays. Unfortunately, most people do not achieve the results that they are looking for with these products, wasting both time and money on these ineffective methods.

Fortunately, Advanced Dental Care can help. This family dentist in Cranberry Township, PA specializes in professional teeth whitening that will provide immediate results. [Cranberry Township dental services](#) for teeth whitening have effectively restored the smile of many patients with stained, dull, or discolored teeth.

When compared to over the counter teeth whitening solutions, professional teeth whitening provides a number of benefits. Store-bought kits come with one-size-fits-all application trays. These trays fail to whiten every tooth and can easily allow the teeth whitening solution to come into contact with oral tissue, increasing sensitivity after each application. In addition, store-bought whitening kits are not powerful enough to whiten teeth to the same degree as a professional whitening treatment.

Professional teeth whitening from Advanced Dental Care offers a much safer and more effective alternative to take-home whitening kits. Since the smile is the first thing people see when they meet someone, teens and adults alike want to be sure to make a good first impression on new friends and acquaintances. Also, a whiter smile tends to be associated with a healthy, youthful appearance and helps increase confidence and self-esteem.

Teeth whitening at this family dentist in Cranberry Township is a simple and straightforward process with immediate results.
