

# TechNave.com Officially Launches as Technology News and Information Hub

KUALA LUMPUR, MALAYSIA, August 19, 2013

/EINPresswire.com/ -- Technology news and information site Technave.com was recently launched as the main source for technology news, prices, reviews and specifications to help users buy the best and latest gadgets in Malaysia and around the world.

Technology news and information site TechNave (<http://technave.com>) was recently launched to help support users make better informed decisions on buying new gadgets and technology devices. Dedicated to covering various gadgets including hardware and software, this includes the latest news, specifications, reviews, prices, apps and anything tech or gadget related.

TechNave.com stands for Technology Nave while Nave means hub, with support for global users and Malaysian users.

The main aim of TechNave.com is for it to become the main hub for everything technology related with emphasis on smartphones, tablets and [digital camera](#) for now. TechNave provides a number of tools including:

- News & Reviews: The News section provides easy access to the latest technology and gadget related news. The Reviews section provides more in-depth information such as articles covering specific phone models or devices and comparison analysis between specific devices and benchmarks.
- Gadget Search: Through an accurate keyword search, users can find whatever phone, tablet, digital camera or tech device with links providing a full listing of the tech specs, phone plans (when available) and recommended [market prices in Malaysia](#).
- Phones & tablets Specs Comparison: Offering a full listing of various phones, smartphones and tablets including the latest devices to be officially announced and those rumoured to arrive; the [Phone Comparison](#) tool provides a single place where users can compare the specifications of up to three devices in one spot. This tool also provides a Thumbs up for the better specs, making

Compare Mobile Phone Specs & Price in Malaysia - TechNave.com

it easier for users to select the better device.

- Telco plans Comparison: Featuring a comprehensive listing of the latest Malaysian Telco plans and packages, users can search or narrow down Telco phone plans according to mobile phone brand, model, monthly commitment, contract period, Telco provider and keyword search.

About TechNave.com

Originally called Gadgetbook and operating under MobileMegaMall.com, TechNave.com now stands on its own as the main source for technology news, information, prices, reviews and specifications to help users buy the best and latest gadgets in Malaysia and around the world.
