

Exploring the advancements in the field of Surgery and Anesthesia - OMICS Group Medical Conferences

2nd International Conference on Surgery and Anesthesia will be held on September 16-18, 2013 at Hampton Inn Tropicana-Las Vegas, USA.

LOS ANGELES, CA, USA, August 20, 2013 /EINPresswire.com/ -- Surgery is a technique that involves physical intervention on tissues. It is a procedure that involves either cut-opening of patient's body for some intervention or closure of previously sustained wound. Surgery involves elaborate pre and post surgery preparation of patient's body and mind.

Anesthesia is a pre-surgical preparation of patient's body that temporarily allows the patient to resist sensation or pain during the surgery. Anesthesia thus attains significance in the entire process and Anesthetist plays an instrumental role in making the surgery a success.

[OMICS Group Inc](#) understands the significance of these disciplines announces the 2nd International Conference on Surgery and Anesthesia which is to be held on September 16-18, 2013 at Hampton Inn Tropicana-Las Vegas, USA.

2nd International Conference on Surgery and Anesthesia 2013

IBooks Author Workshop: Digital Publishing for Beginners: How to distribute and market your ideas to the world using multitouch ibooks on itunes by Jeffery L. Eakin

[Surgery-Anesthesia 2013](#) is one of the largest platforms to discuss the recent advancements and technologies being used and developed in surgery. This is an exclusive opportunity for experts to share their latest findings, technical expertise and experiences in the field. The different tracks are arranged in an interdisciplinary manner to allow delegates to explore issues directly connected to their own areas of work. They also provide an opportunity to engage with other professionals from a wide range of disciplines.

Distinguished Speakers of the conference include

- Dr. Adam Ostrzenski, International Man of the year 1995-96, Professor, Howard University Washington DC, USA
- Dr. Jarrod Kaufman, NJ State Chairman on Cancer of the American College of Surgeons, USA
- Dr. Gayane Badalian, Claudia Adam Barr Award winner for 201-2014, Fellow at DFCI, Harvard University, USA

Other Eminent speakers:

- Sharona B Ross, Florida Hospital Tampa, USA
- Feng Tao, Johns Hopkins University School of Medicine, USA
- Loreta Grecu, Yale University School of Medicine, USA
- Michael Mourad, Universite catholique de Louvain, Belgium
- Abdul Nasser Kaadan, Aleppo University, Syria

Conference Highlights

- Surgery & Anesthesia-An Overview
- Anesthesia and its Associated Complications
- Techniques and Technology-Surgery
- Diagnostic and Therapeutic Interventions
- Transplantation Technologies
- Obesity Surgery – No Confusion Tough Combination
- Nanosurgery - A Surgeon's intro into Nanotechnology
- Postoperative Care and Complications
