

# Caldwell Tree Care Offers Free Estimates for Tree Service in Roswell GA, Including Beetle Removal

*Roswell GA tree service offers free estimates for disease treatment, pest treatment, tree pruning, tree trimming, and other related services.*

ROSWELL, GA, USA, August 21, 2013 /EINPresswire.com/ -- For north Georgia residents who have considered tree service, an option has emerged – and the initial consultation is free.

Caldwell Tree Care, a [tree service in Roswell GA](#), offers free estimates for its list of tree services. These tree services include all of the expected staples: disease and pest treatment; tree pruning, trimming, and removal; and tree fertilization.

Pest treatment may be an especially timely [tree service in North Georgia](#), as the Department of Agriculture reports that emerald ash borer beetles have been discovered in DeKalb and Fulton Counties for the first time this month.

This is the first time that this invasive insect, responsible for the death or decline of tens of millions of ash trees in 20 states, has been spotted in Georgia. The emerald ash borer beetle preys on ash trees, which are found in abundance in both urban and rural environments.

The Georgia Invasive Species Task Force is executing its plan to prevent the spread of these pernicious insects. The Task Force includes the Georgia Department of Agriculture and Forestry Commission as well as the University of Georgia Department of Natural Resources and USDA Animal and Plant Health Inspection Service.

If you notice signs of beetle infestation on your ash trees, it would be advisable to reach out to a local tree service. While The Georgia Invasive Species Task Force has a large scale plan, it is up to each homeowner to handle trees in his or her own yard. In Roswell and surrounding communities, Caldwell Tree Care is more than capable of handling that task.

Accredited by the Tree Care Industry Association, Caldwell Tree Care provides tree service in Roswell, Buckhead, Marietta, Woodstock, Canton, Alpharetta, Sandy Springs, Cumming, and Duluth, Georgia. They send professionals out throughout these areas to provide on the spot assessments for disease and pest treatment, branch and tree removal, and other associated tree services in Roswell.

Caldwell Tree Care is an all-inclusive tree service in Roswell, Georgia.
