

TSI Launches HVAC & IAQ Training Center

SHOREVIEW, MN, USA, August 22, 2013 /EINPresswire.com/ -- TSI is proud to introduce the [HVAC & IAQ Training Center](#), an educational tool for [HVAC](#) and IAQ assessment professionals. By enrolling, one can ensure first-hand knowledge of when new content is added to maximize profitability on the jobsite.

TSI Incorporated, a manufacturer of precision measurement instruments, is pleased to introduce the HVAC & IAQ Training Center as part of [TSI University](#). The Training Center is designed to provide easy-to-use educational tools to drive efficient HVAC and IAQ assessments.

Visitors to the Training Center can expect to view valuable education videos and download training documentation from one easy to access source. By enrolling as a member, one can ensure to receive notification as new content is added and the site is expanded. The information provided is aimed at providing consistent and easily accessible application and product knowledge specific to HVAC and IAQ instruments that TSI provides.

"TSI is committed to providing the HVAC and IAQ community with information that can maximize profitability on the job site," says Jim Schumacher, TSI Product Specialist. "In today's competitive business environment, TSI realizes how important it is to have such real-time information at your fingertips."

About TSI Incorporated

TSI Incorporated serves a global market by investigating, identifying and solving measurement problems. As an industry leader in the design and production of precision instruments, TSI partners with research institutions and customers around the world to set the standard for measurements relating to aerosol science, air flow, health and safety, indoor air quality, fluid dynamics and biohazard detection. With headquarters based in the U.S. and field offices throughout Europe and Asia, TSI has established a worldwide presence in the markets they serve. Every day, their dedicated employees turn research into reality.
