

# OMICS Group International Collaborates with Setcor Nanotech Dubai-2013 to explore the latest findings in Nanotechnology

*Journal of Nanomedicine & Biotherapeutic Discovery Associated with SETCOR Conference Nanotech Dubai 2013, to be held during 28-30 October, 2013 at Dubai, UAE.*

HENDERSON, NV, USA, August 24, 2013 /EINPresswire.com/ -- The leading Open Access publisher [OMICS Group International](http://www.omicsgroup.com) collaborates with the Setcor Nanotech Dubai 2013 to be held at Dubai, United Arab Emirates during October 28–30, 2013 with a view to provide an extensive coverage to the research findings to be presented at the conference with a view to circulation the research findings on Nanotechnology to the global scientific community

Setcor Nanotech Dubai 2013 is devoted to address the challenges that the modern material sciences like nanotechnology encountering in the fields of Advanced Materials, Nanoscale Electronics, Nanotech in Life Sciences and Medicine and Nanoapplications at a time when the demand for the its innovative Nanoapplications are growing at a tremendous phase.

About the Association

Journal of Nanomedicine & Biotherapeutic Discovery  
Open Access - OMICS Group

SETCOR International Conference on Nanotechnology  
Dubai 2013

OMICS Group is one of the leading publishers in the world which promotes Open Access model of publications. The major objective of the publisher is to make the research available to all that leads to find to new insights and paves way for further initiatives. To fulfill this aim OMICS has extended its business by associated with world leading organizations. The collaboration with SETCOR conferences is one of the innovative movements for the journal Nanomedicine and Biotherapeutic Discovery - an Open Access journal of OMICS house. The journal has the most eminent scientists in its Editorial Board. Now the journal has been announced as official publication partner for the conference which helps the journal to compete with world leading journals in the field of Nanomedicine. Editorial Board members of the journal appreciated the association with SETCOR group.

#### About the Journal

The Journal of [Nanomedicine & Biotherapeutic](#) Discovery provides an open access gives the overview of basic, clinical and engineering research in the field of Nanomedicine and the related Biotherapeutic Discovery. Journal of Nanomedicine & Biotherapeutic Discovery is an Open Access journal and aims to publish most complete and reliable source of information on the discoveries and current developments in the mode of original articles, review articles, case reports, short communications, etc. in all areas of the field and making them freely available through online without any restrictions or any other subscriptions to researchers worldwide.

#### About the Conference

SETCOR Nanotech Dubai 2013 brings together leading scientists, researchers, engineers, practitioners, technology developers and policy makers in nanotechnology to exchange information on their latest research progress, innovation and business opportunities. It's among the most important events in terms of international regulatory policies and it's opened to the participation of private companies. It's unique venue for companies to promote equipment and technology.
