

OMICS Group Alliance with Nanoapp-2013

OMICS Group Journal of Nanomedicine & Biotherapeutic Discovery to associate with Nanoapp-2013 conference held during 22-26 September, 2013 Slovenia.

HENDERSON, NV, USA, August 24, 2013 /EINPresswire.com/ -- Reputed Open Access Online Publisher '[OMICS Group International](http://www.omicsgroup.com)' is joining hands with the 'Nanoapp-2013', an international conference on Nanoapplications to be held during 22-26 September, 2013 Grand Hotel Bernardin, Portorož, Slovenia.

About the Association

OMICS group Journal of [Nanomedicine & Biotherapeutic](#) Discovery has been announced as an official publication partner of Nanoapp-2013. The collaboration extends an extensive coverage of Nanoapp-2013 with a view to circulate the information among researchers to facilitate future findings. It helps the journal to compete with world leading journals in the field of Nanomedicine. Editorial Board

members of the journal appreciated the association of Nanoapp conference.

Nanoapp-2013 is devoted to address the challenges that the modern material sciences like nanomaterial production and research, properties of nanoparticles and nanosystems facing in the wake of growing demand for its innovative applications. The conference is also focused on the applications of nanoobjects and nanostructured matters in hi-tech industry, biology, medicine, and chemistry.

About the Journal

OMICS Group is one of the leading Open Access publishers in the world that is determined to

make research information on science available freely for academic and research purposes that intern paves way for further initiatives.

OMICS Group Journal of Nanomedicine & Biotherapeutic Discovery provides an overview of basic, clinical and engineering research in the field of Nanomedicine and the related Biotherapeutic Discovery. It is an Open Access journal that publishes most complete and reliable source of information on the discoveries and current developments in the field as original articles, review articles, case reports, short communications, etc. and making them freely available online without any restrictions or financial hassles to researchers worldwide.

About the Conference

[Nanoapp 2013](#) brings together leading scientists, researchers, engineers, practitioners, technology developers and policy makers in nanotechnology to exchange information on their latest research progress, innovation and business opportunities. It's among the most important events in terms of international regulatory policies and it's opened to the participation of private companies. It's unique venue for companies to promote equipment and technology.

The conference covers all frontier topics in nanotechnology. The conference includes plenary lectures and invited talks by eminent personalities from around the world in addition to contributed papers both oral and poster presentations.

Nanoapp conference organizing committee is looking forward to welcoming you in Slovenia.
