*Matrix Comsec, a leading manufacturer of Enterprise Telecom and Security solutions, will be participating in IT-EXPO 2013 at Las Vegas.*

VADODARA, GUJARAT/VADODARA, INDIA, August 26, 2013 /EINPresswire.com/ -- . ITEXPO is the world's largest and best-attended communications and technology tradeshow; it has been a launch platform for Matrix during last few years. This year Matrix will be showcasing award winning NAVAN CNX200 - Office-in-a-Box solution, catering data and voice needs of small businesses. The other star attractions of the show will be Matrix fixed and scalable VoIP Gateways solutions.

Citing about NAVAN CNX200, said Mr. Shaun Trivedi, Director –North America Matrix Comsec “NAVAN CNX200 is all-in-one office communication solution for all voice, data, internet, wireless, mobility and messaging needs of small businesses and branch offices with up to 24 users. NAVAN CNX200 delivers advance IP-PBX functionality, secure internet, wireless access, data networking and virtual private networking from a compact and converged platform. Optimized for service provider business, NAVAN CNX200 offers bundling of managed communication services and high-speed internet over 3G/HSPA and leased lines. This in-turn helps service providers to reduce operational costs, increase ARPU and leverage communication infrastructure and services.”

When it comes to VoIP Gateways, Matrix has a range of fixed and scalable VoIP Gateways offering superior voice quality and access to GSM/3G, T1/PRI and POTS networks. Optimized to work in any SIP environment, Matrix Gateways are interoperable with leading ITSPs, IP/TDM PBXs, Hosted PBXs and Soft switches. Built with career class reliability Matrix Gateways deliver advance applications such as SIP trunking, Disaster recovery, Multi-site connectivity, Remote survivability and 3G Internet access.
