

UltiBrush All-In-One Travel Toothbrush Enters Voting Round of Walmart's 'Get on the Shelf' Contest

UltiBrush passes initial stage of Walmart's "Get on the Shelf" Vote Now through September 2

IRVING, TX, USA, August 26, 2013 /EINPresswire.com/ -- [UltiBrush](#) is the first ever all-in-one toothbrush that features toothpaste, floss, a mirror and a protective cap that doubles as a rinse cup. This fascinating toothbrush has just made it past the first stage of "Get on the Shelf" with Walmart and needs the help of supporters!

The UltiBrush is not just another toothbrush; its state-of-the-art design eliminates the need to carry around a toiletry bag that is stuffed with dental products. Frequent travelers, college students and everyday people will appreciate the simplistic design of the toothbrush. Just toss it in a backpack, briefcase or glove box and practice good dental hygiene on the go. The UltiBrush has enough toothpaste and floss to last up to 50 brushes, and travelers will welcome the fact that the toothbrush is TSA compliant for fewer headaches at the airport.

In an array of fun colors and enough onboard toothpaste to still be Airport Travel compliant, the UltiBrush is something that shouldn't be left at home. It will come in handy for those impromptu dates, business meetings and after-work get-togethers that often have people hiding their smiles. Once the brush has been exhausted, simply replace it with a new UltiBrush, which follows the standards by the American Dental Association (ADA), which recommends replacing toothbrushes every three months.

Now through September 2, supporters can vote for the UltiBrush at Walmart's Get on the Shelf page.

UltiBrush is a 20-year idea of the Glover family that is being brought to market. The UltiBrush is an all-in-one toothbrush that includes a brush, toothpaste, floss, a mirror, and a rinse cup. They are anticipated to ship in the spring of 2013 for travelers, campers, and other people on-the-go everywhere.
