

PORTLAND GOOD FEET OFFERS BIG SAVINGS ON PAIN RELIEVING ORTHOTICS

Leading International Retailer of Custom-Fitted Arch Supports Brings Affordable Pain Relieving Orthotics to Local Community

PORTLAND, OREGON, UNITED STATES, August 28, 2013 /EINPresswire.com/ -- Good Feet Worldwide, LLC., an international retailer of custom-fitted arch support, announced today their new customer instant savings to local community members in Portland, Oregon.

An estimated 87 percent of the general population suffers from foot-related problems, most of which can be linked to improper support for flat feet or high arches, wearing improper footwear, walking or standing on hard surfaces for long periods of time, being overweight or suffering from sports injuries. While many people looking for relief turn to the various arch supports and cushion products they see in retailers like drug and grocery stores, Good Feet takes the process to another level.

Portland Good Feet is offering big savings for new customers. Bring in their monthly coupon to receive \$20 off your next arch support purchase (for new customers only). In addition to big savings, new customers will go through a personal bio-mechanical balancing and measurement process to identify the customer's primary activities and shoe style preferences. Next, the customer is personally fit with arch supports and cushions that can provide them with the comfort, balance and support.

"There are thousands of people in our community suffering from foot, back, and knee pain. We want to help them become pain free and keep it light on their wallets," said Dan Austad, owner of the Good Feet Stores in Oregon.
