

RWI wins contract to supply rubber insulation materials for AED 107 million Arabian Ranches project

'Gulf-O-Flex' to be used for construction of 95 villas/townhomes in Arabian Ranches Development District 2, Alma 2 and La Avenida 2

DUBAI, UAE, September 10, 2013 /EINPresswire.com/ -- Rubber World Industries LLC (RWI), the leading manufacturer of closed-cell rubber insulation 'Gulf-O-Flex' in the Gulf and South East Asia, and part of the international business conglomerate, the Shaikhani Group of Companies, was awarded by Arabtec Construction Group (Arabtec), a leading MENA construction company specialising in complex projects, a contract to supply rubber insulated building materials to be used in the development and construction for the AED 107 million worth Arabian Ranches Development project, which covers 95 villas/townhomes in Arabian Ranches Development District 2, Alma 2 and La Avenida 2. Under the terms of the agreement, Rubber World Industries will supply 'Gulf-O-Flex' closed cell elastomeric rubber tube insulation, sheet roll insulation and adhesives that will be used for refrigerant copper pipes and AC drain/refrigerant pipe insulation purposes.

According to Rubber World Industries executives, the recent award demonstrates the strong confidence that contractors like Arabtec Construction have placed in Rubber World Industries' diverse product portfolio of rubber insulated materials. The growing preference for the company's products can be attributed to its durability and competitive pricing. In addition, Rubber World Industries products are dust free, fiber-free, CFC free, Zero ODP and have low VOCs, making them mold and mildew resistant.

In addition to Rubber World Industries, the company has also awarded a contract to Emirates Falcon Electromechanical Co. (EFECCO), to facilitate the mechanical, electrical and plumbing (MEP) requirements of the Arabian Ranches project. Aside from the Arabian Ranches project, the company has also revealed being awarded a contract to provide rubber insulated building materials for the Banyas Residential Development project in Abu Dhabi, which covers the construction of 411 villas.

"We are very proud to have been awarded this contract from Arabtec Construction, which demonstrates the continued trust and confidence given to us by contractors in the region today. Using our diverse portfolio of products, particularly the 'Gulf-O-Flex' line, will definitely add merit to the Arabian Ranches project, giving both developers and future homeowners the confidence and security that world class and highly durable materials were used for the project," concluded Rizwan Shaikhani, Managing Director, Rubber World Industries.
