

# Kingdom of Pirates 1.1 Receives Lots of Praise

*Kingdom of Pirates has been downloaded several hundred thousand times from the iTunes App Store.*

SHANGHAI, SHANGHAI, CHINA,  
September 11, 2013 /

EINPresswire.com/ -- Since its release on August 16th, [Kingdom of Pirates](#) has been downloaded several hundred thousand times from the iTunes App Store. Its latest update, Version 1.1, has received outstanding reviews from players all over the world.

"This game is a ton of fun," one player raved in an App Store review. "The tutorial was great and you can do fine without paying for in-game items."

Another player agreed, calling the multiplayer game "the best pirate game app" with a "solid rpg style."

While Kingdom of Pirates is free-to-play, players can also accelerate their progress in the game by purchasing rubies. Rubies can be used to speed-up cooldowns, purchase rum, collect gold, and buy materials for weapon upgrades. Ruby purchases can also give players VIP ranks, which they can then use for an abundance of privileges like bonus training slots, additional bag slots, and extra daily quests.

Version 1.1 smoothed out gameplay for new players by lowering the requirements for faster battle animation speeds and larger ships. Breaking a curse on Mary Read is easier now, too—this officer can now join the player's crew within 5 gambles at the Tavern. The latest update also contains minor bug fixes and reduced lag. Version 1.1 arrived roughly two weeks after the original launch of the game in the iTunes App Store.

So far, players have been very impressed with the game's design. "This game brings back memories of the early Final Fantasy games," said one player on the iTunes App Store. "It's like seeing an old friend again. Love it."

Kingdom of Pirates players are from all over the world, and some enjoy showing off their national pride by creating and joining guilds that represent their respective countries. Players in the same guild can send each other guidie gifts and avenge one another in PVP battles against enemy pirates.

The Kingdom of Pirates community has been growing rapidly at an astounding rate. Version 1.1 bears a whopping 4.5 out of 5 stars in the iTunes App Store.
