

David L. Jones, DDS & Assoc. in Virginia Beach VA Caters to Baby Boomers in Need of Teeth Repairs

VIRGINIA BEACH, VA, USA, September 17, 2013 /EINPresswire.com/ -- With a particular emphasis on dental implants, David L. Jones, DDS & Assoc., [dentists in Virginia Beach, VA](#), advises baby boomers—those born between the years 1946 and 1964—to make teeth repairs now as their oral health needs have undergone years of wear and tear.

Statistics show that the growing number of baby boomers, whose active lives often extend to their 70s, are increasingly in need of teeth repairs due to more wear and tear over the years. With a particular emphasis on dental implants, David L. Jones, DDS & Assoc., dentists in Virginia Beach, VA, advise baby boomers—those born between the years 1946 and 1964—to make teeth repairs now as their oral health needs have undergone years of wear and tear.

The dental practice of David L. Jones is dedicated to ensuring that everyone who needs dental implants has them. Baby boomers especially are in a group that is increasingly in need of dental implants. “Our dentists in Virginia Beach can tell you about the advantages of dental implants. One big plus is that they are permanent. These replacement teeth roots fuse to the bone in your mouth, offering more comfort and confidence, as they do not slip as dentures do. Another factor in their favor is longevity. Dental implants can last for decades,” says Dr. Jones.

A specialty offered by David L. Jones, DDS & Assoc. is the offer of one-day crowns, made possible by the advanced technological equipment in the office and the employment of a revolutionary new method of tooth restoration. The procedure includes using a tooth-colored ceramic material that bonds to the new tooth giving it strength while creating a natural look.

In addition to dental implants and one-day crowns, the [Virginia Beach dental practice](#) offers the following services to its patients, from offices in both Virginia Beach and Cape Charles: Invisalign® Braces, Family Dentistry, Crowns & Bridges, Dentures, Root Canals, Bonding and Veneers.

The dental practice has been in business since 1992. A staff of 12 provides comprehensive dentistry from two convenient offices. In addition to Virginia Beach, the practice serves patients in Cape Charles, Pungo, Oceana, Sandbridge, Red Mill, Strawbridge and Court House, Virginia.
