

# Intetics Named One of Fastest-Growing Companies in America for Six Years

*Intetics Co. was named to the 2013 Inc. 5000 list, an exclusive ranking of the US fastest-growing private companies.*

CHICAGO, ILLINOIS, USA, September 19, 2013

/EINPresswire.com/ -- Intetics is honored to announce its sixth consecutive inclusion in Inc 500/5000 this year. Based on its 90% growth over the last three years, Inc magazine ranked Intetics #3437 in this year's list of the fastest growing, privately-owned companies in the United States.

Intetics Named One of Fastest Growing Companies in America for Six Years

Inc. magazine annually conducts a review of private, US-based, for-profit, independent companies and compares their revenue information from the past 3 years. To be considered in the list, the minimum revenue in 2012 had to be above \$2 million. Intetics was well above that, reaching revenue of \$12.6 million in 2012 and showing 90% growth over the last three years. The growth rate represents an 8% increase from last year and an almost \$4 million increase in revenue. Intetics was among the 19.8% of companies that reached \$10-20 million revenue in the last year. In addition to being ranked nationally, Intetics was recognized as one of 250 fastest-growing companies in the Chicago-metro area. All the while, the overall industry growth for [IT Services](#) was calculated to be 111%.

To better evaluate the overall company growth, in addition to revenue Inc. magazine also considers the number of added employment positions. Over the last three years, Intetics added 243 full and part-time jobs, reaching a final count of 418 employees in early January 2013.

For Intetics' sixth consecutive inclusion in the rankings, Inc. magazine added Intetics to its Five-Time Inc 5000 Honoree list. Intetics is proud of its growth and is thankful to all clients who continue to rely on Intetics as their technology provider.
